POEM

by John Walsh  
August 4, 1974

RUN FOR FUN

Run for fun;  
Not the servant of the gun.

Run for fun;  
Surpass yourself; that's the  
competition to be won.

Run for fun;  
Your health; the Victory is won

Were there more runners?  
 Were the sheets blown out to the sea?  
 Were they destroyed by the corrosive action of fresh sweat dripping onto the time-keepers sheets?  
 Will we never know? My apologies if there were more runners who unfortunately are rubbed out after #100.  
 Remember, be kind to the time keeper.

FORT POINT APOLOGY

By Mary Davenport Benari

As recorder of the finishing times at the Fort Point Race (results on page 6), I must confess to a certain lack of cordiality to fellow runners who had finished the race and hurried to my side to discover their personal record. In fact, I was downright surly.

But there is a point (excuse the pun) which must be cleared. When someone is trying to hear the times and record them accurately, do not pester him (or her) by craning over his shoulder, dripping sweat down his neck, asking questions about who came in first, ruffling the pages on the clip board and the patience of the time keeper. I had children asking me to write down their times on the back of their ribbons while I tried to keep track of their parent's finishing times. Moments later I had same parent remarking "You have only recorded up to 101. I'm 103 and I finished seconds ago."

So folks, don't be too upset with your time at the Fort Point Race. Chances are it is inaccurate.

And I'll make you a deal. You promise to restrain yourselves until the race is finished; I'll promise not to record the finishing times at future DSE races.

A NEW MARATHON needs a colorful character, right? The Rev. Walt Stack will be airlifted and feted with Southern Hospitality for the first marathon in conjunction with the 38th Annual Rice Festival in Crowley, Louisiana on October 5. Dr. Charles Atwood, 621 North Ave. K. Crowley, La 70526 is race director and promises special consideration for senior and women runners and all finishers will receive a trophy. Rice is nice.

THE FIRST LIVERMORE MARATHON  
Saturday, December 7, 1974

by Dan Moore

The first Livermore Marathon was a resounding success thanks to the beautiful weather, the Livermore Jaycees, and the large turnout of runners. There were a total of 309 starters, some sixty or so were planning to run but 13.7 miles. However, 84 quit at the half-way point and only 163 completed the marathon. We don't know what happened to the remaining 62. Maybe they are still out there!

The winner was Jim Birnbaum who seems to do well in Livermore since he also won our 8½miler last April. He pulled away from second place finisher Adam Ferreira at around 15 miles and finished strongly in 2:27:12 to set the course standard. Adam also finished under 2:30 in 2:28:45. In third place, running his first marathon, was Fenton Carey in 2:33:26. The women were led by Joan ("Fatter is Faster") Ullyot in 3:00:56. Bob Malain, also running his first marathon, took the Master's Men Division in 2:51:49. Ruth Anderson set a 45-year-old women's record in winning the Master's Women Division in a personal best of 3:17:44. John Foley of Orinda broke the marathon record for 8-year-olds with a 3:42:17.

THE HOLLYWOOD TO LAS VEGAS RELAY  
Wednesday, November 27, 1974

from Las Vegas Sun, Saturday, Nov. 30

OLDTIMERS SET RUN RECORD

A group of distance runners-- all more than 60 years old--set a new world record, running from Hollywood to Las Vegas in elapsed time of 40 hours, 33 minutes....The old record, set by this same group in 1972, was 41 hours, 40 minutes.

Participating in the 300 mile run were Bill Selvin, 64, Orange, Calif.; Monty Montgomery 68, Sherman Oaks; Al Clark, 61, Orange; Walt Frederick, 67, Pico Rivera; Noel Johnson, 75, San Diego; Bert Williams, 60, Orange; John Montoya, 62, Colton; Bill Monheit, 65, Oakland, and Walt Stack, 67, San Francisco..

Each member ran relay legs of either 15 or 10 minutes, depending whether the terrain was level or hilly. In the past four years each member ran 30 minute legs. The group, paced by a mobile home, took periodic breaks, including a one hour stop in Jean.

Selvin said after the race, "By completing this run I think we have made further progress in the area of getting senior citizens to go out and keep healthy." While the members make this run only once a year, each participate in marathons in California.
