NEW LOOK FOR THE RACE RESULTS

For the first time, we are trying an experiment with the results section of the DSE News. It has become an almost insuperable job to print results from all of the area races. Accordingly, starting with this issue, we are only going to print the results of DSE races, plus a few other selected races - entirely at the discretion of the Race Results Editors, who do yeoman work each month.

It is felt that the publication of the results is the responsibility of the race promoters, who generally do a good job of mailing out results. In order to improve the publication of the results of our own races, we are starting to publish the names of all of the finishers, rather than only those of club members. This will greatly simplify the job of typing and will also ensure that the names and times of new members are reported right away.

At the races, please make sure that you (a) pay your 50¢ (\$1.25 for families), (b) get a stick as you cross the finish line, and (c) write your name legibly on the appropriate sheet. Incidentally, a few minutes of your time at the end of a race spent in helping to organize the mass confusion will shorten the waiting time for everyone. If everyone will help with the lists occasionally, the whole process will be much smoother.

The results of the Women's Woodside 5 Miler are included because of the large number of DSE women who participated. This race, which was again put on by Penny DeMoss, was a great success. Anyone else who is interested in organizing a 'women only' event should contact Penny for details and assistance.

INTERNATIONAL RUNNING TOURS

This seems to be the year to go to Europe to run. The World Masters Championships will be held in Sweden August 8-13, 1977. Ben and Ruth Hirsch will be there, especially since there are now going to be divisions for those in their 70's and 80's.

Jack Leydig also is distributing information from World Athletic Tours, a group that is planning to take in some of the mountain runs in the Alps. After tuning up at Pike's Peak, you should really be ready for this mid-August trip to Europe.

Replacement needed...

Anyone interested in being in charge of typing the race results-as above-please contact J. Calmels or Valt Stack (surprized? sorry :alt). You have to be able to read very messy printing, and be able to take complaints about the spelling of names ect. I always seem to be doing this at the last minute and into the wee hours of the night. So I would like to give (ha) this job to someone who can schedule their time more wisely. Don't all come running at once...

Bridge To Bridge Run

K NBR-68 listeners, CITY SPORTS MONTHLY readers, and basically everyone in between are invited to attend the First Annual Bridge to Bridge Run and picnic, Sunday, September 18.

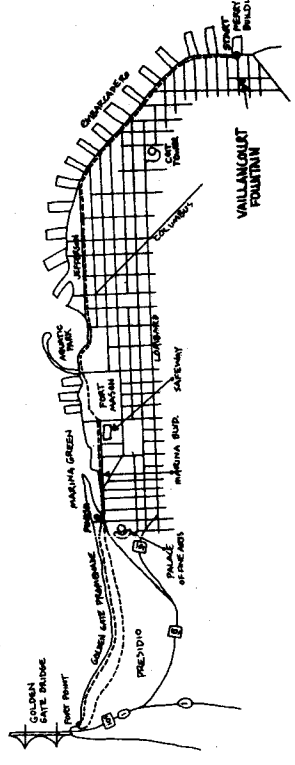

Runners will start the 7.3 mile at the Ferry Building, below the Bay Bridge in San Francisco, run along the Embarcadero, through Fort Mason (following the Golden Gate Promenade), past the Marina Safeway, along Marina Boulevard, and into the Presidio to Fort Point, below the spires of the Golden Gate Bridge. Runners will circle back along the Promenade to the finish line at the West end of the Marina Green for a BYOP picnic, entertainment, music and the presentation of awards and prizes to all winners.

First Place winners in all ten divisions will receive an engraved trophy and prize. Divisions include — man, woman, oldest male, oldest female, family (represented by a minimum of three members of the immediate family), youngest male, youngest female, heaviest (weight specified), celebrity, and competitor from the furthest geographical location. Application form must specify the runner's racing division in order to qualify for trophies and prizes.

The entry fee of \$300 entitles each participant to receive a ribbon for finishing the race and a free year's subscription (or renewal) to CITY SPORTS MONTHLY (a \$3.49 value). Deadline for pre-registration is Friday, September 9. Late registration will be on race day only at Vallancourt Plaza between 8:00-9:00 a.m. (Late fee \$4.00).

Applications for the run can be picked up now at KNBR-68, 1700 Montgomery, San Francisco, or will be run in the next issue of CITY SPORTS, released August 5 in the Bay Area.

For any information on the Bridge to Bridge Run, contact KNBR-68, 546-2270 or CITY SPORTS, 788-2611.

SIX RULES FOR A LONG LIFE

- Avoid fried meats which angry up the blood.
- If your stomach disputes you, lie down and pacify it with cool thoughts.
- Keep your juices flowing by jangling around gently as you move.
- Go very light on vices such as carrying on in society. The social ramble ain't restful.
- Avoid running at all times.
- Don't look back. Something may be gaining on you.

CONFESSIONS OF A SEPTUAGENARIAN

Mavis Lindgren, a retired nurse, is a 70 year old runner who won the "oldest" award at the 1977 Avenue of the Giants Marathon. She was also the oldest finisher in the 1976 Pepsi 20 Mile. She started running 8 miles ago at the age of 62.

Mavis writes, "I started by walking a mile a day for about 8 months at 11 minutes a mile. I kept adding a little jogging to it until I could run the entire mile. After 3 or 4 years, I was up to 4 miles a day, six days a week.

"After several spills on the rough logging roads near our home in Orleans, California, I learned to lift my feet. After one particularly bad fall which left my knees cut and swollen, I was torn between quitting and continuing. So I added another mile and continued to run 5 miles a day.

"My son, who is a running doctor, signed me up for the Pepsi 20 Mile Run in Sacramento. Two months before, I upped my daily runs to 6 miles and tried to run 13-16 miles on the weekends. My family cheered me on as I won the "Oldest Runner Award." In January I won the "oldest" award again in the 12 mile run in Anderson.

"My routine now is 5 to 8 miles per day and 16 miles on Sunday. My husband, Carl, follows along in the car and gives me warm water a time or two on the long runs.

"All my life I have had chest colds, which probably trace back to a touch of TB which I had when I was 13. Since I began running 8 years ago, I have never had another cold. I have been sick only 3 hours in 8 years. I thank God for my good health and for the good sense to keep running. I enjoy it and feel great."

Mavis has been a lacto-vegetarian for 63 years although she now eats very few dairy products. They have a large garden in Orleans where they grow many of their own vegetables.

Congratulations, Mavis!

August 1977.

Dear Walt:
The Dipsea Run is one of my favorite and I certainly admire any runner who makes this challenge! It is indeed unfortunate that whoever took down the names didn't write them out more clearly plus I realize some of the times are incomplete as taken down by the assistant. However, I did my best and hope that any future runs (especially this particular run) will be printed really clear for all to see.

Best regards

THE MAN IN THE GLASS

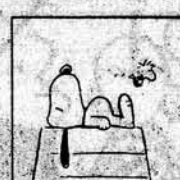

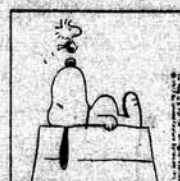

When you've reached your goal in the world of sports and you've played the big game that day, just go to the mirror and look at yourself and see what the man has to say.

For it isn't your family or friends or the coaches whose judgment upon you must pass. The fellow whose verdict counts in your life is the one staring at you from the glass.

You may be lucky and play in big games, thinking you are a wonderful guy; but the man in the glass says you're only a bum, if you can't look him straight in the eye.

He's the fellow to please, never mind all the rest, for he's with you clear to the end; and you have passed your most dangerous, difficult test, if the man in the glass is your friend.

You may fool all the world down the pathway of years, and get oats on the back as you pass; but your only reward will be remorse and regret, if you've cheated the man in the glass.....L.B.

THE RACE
Some races are run with a speedy dash, some with a long, slow pace mile after mile. There are those that sing; others who can speak, some can pray and the others silent. To each man their race; and each race well run brings commendation!

MERRY CHRISTMAS to ALL!

ΑΘΗΝΑΪΚΗ ΖΩΗ

ΑΟΥΤΑ του έρωτος και θάγγελλοι.

1400 δρομείς πήραν μέρος στο Λαϊκό Μαραθώνιο

ΝΙΚΗΤΗΣ
Ο ΑΙΘΙΟΠΑΣ
ΚΕΜΠΕΜΠΕ

"Όλες οι ηλικίες αντιπροσώπευσαν στον Λαϊκό Μαραθώνιο έδρα. Σε πολλές περιπτώσεις έλασαν μέρος ολόκληρες οικογένειες έξω."

Περίπου 1.400 δρομείς όλων των ηλικιών — παιδιά από 10 χρόνων ως τον 97-χρονο Δημ. Ίερσενίδη — πήραν μέρος στον χθεσινό Λαϊκό Μαραθώνιο έδρα.

Νικητής τρεις Αιθίοπες στρατιωτικοί, οι Κεμπέμπε (2 ώρες 14'40"8), Ντεράγε (2 ώρ. 14'49"0), Μπαστέθε (2 ώρ. 18'54"0).

Από τους Έλληνες καλύτερος ο Γραμματικόπουλος (19ος) με 2 ώρ. 40'24"0.

Πρώτη γυναίκα η Σουζέτα Γιόχανσον με 3 ώρες 07'00"0, ενώ η μόνιμη Έλληνίδα που έλαβε μέρος, η Παπαναστασίου, πέτυχε ρεκόρ με 4 ώρες 08'00"0.

Ας σημειωθεί ότι, στην άγία έριξαν πάρα πολλοί Γερμανοί και Σκανδιναβοί,

φιλόδοτοι κυρίως, ακόμη και ολόκληρες οικογένειες. Οι Έλληνες που άποτίσαν φόρο τιμής στην άθλητική ιδέα ήταν πάρα πολύ λίγοι.

Ο Λαϊκός Μαραθώνιος οργανώνεται κάθε χρόνο από τον ΣΕΓΑΣ. Οι δρομείς

έκινούν από τον Τύμβο του Μαραθώνος και τερματίζουν στο Παναθηναϊκό Στάδιο. Έρτάς η συμμετοχή ξένων, ξεκίρασε κάθε προηγούμενο χρόνο. Οι ξένοι θεωρούν τιμή τους να τερματίσουν στον Λαϊκό Μαραθώνιο.

ΑΝΟ: Ο νικητής του Λαϊκού Μαραθώνιου Κεμπέμπε τερματίζει στο Παναθηναϊκό Στάδιο.
ΚΑΤΩ ΔΕΞΙΑ: Αν έρτασαν μόνο με το πόδι οι άποτίσαν στον Λαϊκό Μαραθώνιο. Πάρα πολλοί έλασαν και με το πόδι, όπως ο τερματιστής της φωτογραφίας άνω.

Medicine

Coronary Curb

Bully for the strenuous life!

I wish to preach, not the doctrine of ignoble ease, but the doctrine of the strenuous life.

—Theodore Roosevelt, 1899

If the experience of Teddy's fellow Harvard alumni is any guide, his advice seems to be right on target. After a long-range study of 16,936 Harvardmen, a leading public health figure last week told an American Heart Association meeting in Miami Beach that the risk of heart attack can be significantly reduced by exercising—but only if that activity is really strenuous and calorie consuming.

In the early 1960s Epidemiologist Ralph Paffenbarger, now at Stanford University, sent questionnaires to some 36,000 Harvard alumni dating back to the class of 1920. Each alumnus was asked things like how many stairs he climbed daily and what sports he played every week. Nearly half of those surveyed replied, and in 1972 Paffenbarger again questioned them—or those who knew about them—to learn what changes in health had occurred during the intervening decade.

Paffenbarger found that there had been 572 heart attacks among the alumni, 257 of them fatal. That number was not unexpected in so large a group of mature men (ages ranged from 35 to 74). But in his subsequent statistical analysis, Paffenbarger discovered that those who exercised only casually—which he defined as burning fewer than 2,000 calories a week—ran a 64% greater risk of heart attack than did their more active classmates. It did not seem to matter much whether a person was a smoker or overweight, had high blood pressure or a family history of heart trouble. Only the strenuousness of the exercise appeared to influence the odds.

The results supported and amplified another study reported by Paffenbarger in March—a 22-year survey of San Francisco longshoremen. It showed that men engaged in heavy labor ran only one-half the risk of sudden, fatal heart attacks as did those who performed lighter work.

As examples of desirable activities for those who do not have strenuous jobs, Paffenbarger cited swimming, running, basketball, handball and squash, all of which burn up more than 2,000 calories a week if pursued for an hour or so a day. By contrast, games such as golf, bowling, baseball, softball and volleyball seem to use too few calories to reduce the chances of a heart attack. As for tennis, Paffenbarger commented: "Batting the ball around on Sunday with young children generally isn't strenuous, but a stiff competitive game of singles is."
