"CONGRATULATIONS one and all! We had one of the largest crowds ever at this race. We hope we didn't miss anyone, the rain came down, we ran out of sticks at the end of the run, and just know that anyone we missed will accept our bouquets at this typing." Best personal regards to all - L.B.

**FREE DIPSEA T-SHIRTS!!**

Despite rumors to the contrary, the Dipsea Race has been smuggled into the 1978 racing calendar. The Dipsea will be held Sunday, June 4, starting in downtown Mill Valley. The sponsoring Mill Valley Jaycees offer DSE members the following "inside information," at the same time trying to minimize race publicity.

1. Despite its tradition, the Dipsea is not for tyros. If anything, the race has become more difficult since its beginning in 1905. The seven miles of trails and steep hills can be dangerous for all runners, and struggling newcomers can pose hazards for competitors trying to pass the dogmeat on narrow trails. It is strongly advised that novices try the DSE Practice Dipsea on May 7.

2. There will be traffic difficulties. The Jaycees' biggest political problem (and there are many) is auto traffic, which has already forced the race to early June, away from the traditional August date. Please keep the number of cars at Stinson Beach to a minimum, and leave early!! It is virtually impossible to see both the start and the finish. The race starts at 9:30 a.m., and all car drivers should leave before 9:15 a.m. Once runners cross Windy Gap, traffic delays will be lengthy, and the Mountain Play that day will add to the congestion.

In Stinson Beach there will be no parking on the streets. The federal Park Rangers ask us to park in the free parking lot. The lot entrance is on the left side of the road, 200 yards past the stop sign in the center of town. Try to park in the south lot, nearest the finish line of the race. Again, parking will be easier if you leave early.

3. The Jaycees need DSE help. They would like 30 DSE volunteers to help with the

race, 10 at the start and 20 near the finish. Out of more than 1,000 DSE members, I know there are 30 people who will be at the Dipsea to spectate, and this is the chance for you to do something for God, mother, and apple pie. In return, the Jaycees will give you a free Dipsea T-shirt and a free lunch at the beach. In addition, perhaps the DSE Security Council can be persuaded to give race points for helping. Badger someone who looks important.

Ten people are needed at the starting line from 8:30 a.m. to 10:30 a.m. Sign up (see below), then show up at the Mill Valley Chamber of Commerce office, near the starting line, at 8:30 a.m. on June 4. Most workers will help control the groups of runners behind the starting line.

Twenty people are needed in the finish area at Stinson Beach, from 9:00 a.m. to 12:30 p.m. Sign up, then report to the finish line at 9:00 a.m. These people will be trail spotters, mostly, plus a few "gofers." It will help a lot to have runners as trail monitors over the last half mile of the course, and you will have a front row seat to watch the race. Picnic lunches will be brought to all workers between 11:00 a.m. and 12:30 p.m.

There will be a signup sheet for volunteers at the DSE Practice Dipsea and any other DSE races before June.

See Jim Weil or write him at Box 229, Mill Valley, CA 94941, but please don't telephone. So much cash was missing when Jim left us as Treasurer that he hates to answer the phone.

We're proud to announce that Dr. Russell R. Klein, of San Rafael is the Club's first proctologist, having answered the DSE's call for an authentic 'Rear Admiral.'

### BOSTON MARATHON ROSTER (CONT.)

The following DSers also ran Boston (PRs noted, where available):

- Howard Schopman 3:12:17
- Dick Selberg 3:14:23
- Steve Nichols
- Tom McManus
- Jim McManus (well known tennis pro)
- Orin Dahl
- Dennis Gustafson
- Russ Butler
- Steve Lyons 2:45:54
- Jay Longacre

A week after competing at Boston, Longacre, 44, a DSE member from Colorado, ran 130 miles from Kathmandu, Nepal to Kalapathar, the Mt. Everest base camp, in 4 1/2 days. (A normal trek covering the same distance takes three weeks and Sherpas (native guides) running downhill over this course take five days to complete the journey.) During the trek he climbed to 18,000

feet, the first recorded ascent by a runner in the Himalayas. Longacre, who lost 20 pounds, would have finished 12 hours sooner but he got lost several times. In February Longacre ran the Trail's End Marathon in 3:04:06 and improved on that time in Boston.

The following letter was sent to *Runner's World* by Marge Weimer, DSE member:

Idealism and expectations so often turn out to be an ache in the heart. I refer to the *Runner's World* cover picture of Penny DeMoss; an insult to women runners. The photo portrays exactly the qualities inimical to running: passivity and powerlessness. Can you imagine Brian Maxwell or Bill Rogers in such a pose? Send your denigrating pictures portraying women in this way to *Playboy* please. I am angered by this stoop to sensationalism and sexism, and I do expect something different from *Runner's World*.

**CONGRATULATIONS! ONE AND ALL!!!**

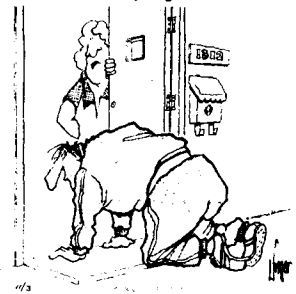

Message from your gal at the typewriter:  
We had a suggestion and used it. IRM cards were passed out to the finishing runners for the Lake Merced Run on June 18th. They were to complete card w/their name and time. The result at this typing was reading handwriting and times of each runner. Any/all errors PLEASE EXCUSE! We went back to passing out sticks at the following run. Please be sure to get your stick and turn it in at the end of each run—clearly spell your name for the person taking down name. Regards/LAB

It is with pleasure and pride that my son, Bob Butchart shall be attending College of Notre Dame, Belmont, CA, in the fall of '78. He received the "Cross Country" Most Valuable Runner award this year and also received a trophy for Sports Editor of his high school paper. He'll be back for the DSE runs and continue to participate as he has for the last several years, with our Club.

L. Butchart, Secty-Race Results, DSE

**HERMAN**

By Unger

You must have run a mile this time — you've been gone four minutes.

DSE DOUBLE LAKE MERCED  
Sunday, 07/02/78 9.5 miles

(NOTE: Results of the Kennedy Drive Run June 25th will appear next month. There just wasn't enough space this time.)

Aug  
28
