Double Dipped meeting time is here already--even though the race doesn't occur until June. This conference will be held at President Walt Staek's residence, 741 Kansas St., starting at 7:30 p.m., Friday, March 15. Attendance is open to those interested in sorting out the details necessary for a successful race.

New races are constantly being considered for the club, Race Coordinator Mike Tahony points out, and a new schedule will be considered in April. San Francisco race site possibilities should be submitted to him by April 15, when a committee will consider adding or dropping a couple of runs.

"DIFFERENT" MARATHON INVITATION

Not a race, but something more important is a marathon event that should interest DSE members who believe they are long in endurance.

Editor Bill Evans announces that he is willing to be one of a basketball team that will participate in the marathon at Ft. Mason, Saturday, April 27.

Mayor Diane Feinstein declares the week of April 20-28 Peace and Environmental week in San Francisco, sponsored by Athletes United for Peace.

Twelve players are needed to enter a team in the event, for which they will pay \$15 each. Funds for the event go to a world festival of youths and students, who will meet in Moscow this summer.

The United States expects to send 500 American youths to this world festival for world peace and improved food will.

DSE members who want to play in this event should contact Bill Evans.

Dick Collins, to whom a marathon isn't really much of a run, reports some recent "Fun Runs" he's completed:

1-Arizona 50-miler (run in stormy period, temperature 18 degrees at one time)

2-24 hour Cancer Charity Run (says he was out of condition, but managed 110 miles)

3-Catalina Marathon (5th time in race reputed to be toughest in the West)

4-Six DAY RACE (set record last year of 357 miles. A guy broke his record in December, and the two were matched. Our Collins put him to sleep--and he needed it--with 393 miles)

Now listen, folks: this is what Collins did in MARCH. Wait till he gets in shape!

DSE SEPTEMBER RUNS

PEPSI 20 BUS TRIP

Sept. 1-Golden Gate Park (Kennedy Dr. & 36th Ave.), 9:30 Kid's Run (one lap, Spreckel's Lake). 10 a.m., Kay Atkinson Memorial Run, Spreckel's Lake to McLaren Lodge and back (flat, 4.5 mile run; no problems or traffic most of way)

Sept. 8-Windmill Run, 6.5 miles from beach through Golden Gate Park and back--a new run, with all the beauty of the park and no hills. Meet at Kennedy Dr. and the beach.

Sept. 15-Twin Peaks Run, Portola and Twin Peaks Blvd., 3.36 miles of torture going up, but the last half is just coasting down.

Sept. 22-Dolphin Club, 9:30 Kid's Run (one mile muni pier); 10:00 South Embarcadero Run, 6.25 miles past Fishermen's Wharf and Pier 39, with tourists egging us on to new marks because it's all flat.

Sept. 29-Dolphin Club, Coit Tower (three miles), one of those runs that is uphill most of the first half, then a downhill coaster (or sprint?)

MORE RESULTS

McMANUS AGAIN? WHAT A RUNNER!

Can anybody catch Mike McManus. It seems that when the Oakland flash shows up he wins, as he did at Mission Rock. Colleen Fox proved once again she is more than a Point Getting Ultra Marathon star as she sped to a First on the Women's side.

NOWICKI AND IRVINE ARE THE CLUB SANDPIPERS

Either the "low tide run" was run at high tide, or a lot of the beach had washed away, or a little of both. At any rate, the beach was a lot straighter and firmer than in the past few years. Pete Nowicki was a strong winner on the men's side, while on the other Sister Marion bested Eileen Mulligan, as she was to do twice in October. Mike McManus showed up and didn't win this one, but then, he didn't officially enter either.

MIKE PECHNER'S OFFICIAL D. S. E. MONTHLY WEATHER FORCAST

Meteorologist Mike Pechner's DSE Forcast for December says, "Most of the rain will be at mid-month. There will be a couple of days of rain between the 8th and the 12th, another batch of showers just after mid-month, and a significant amount of rain just before Christmas.

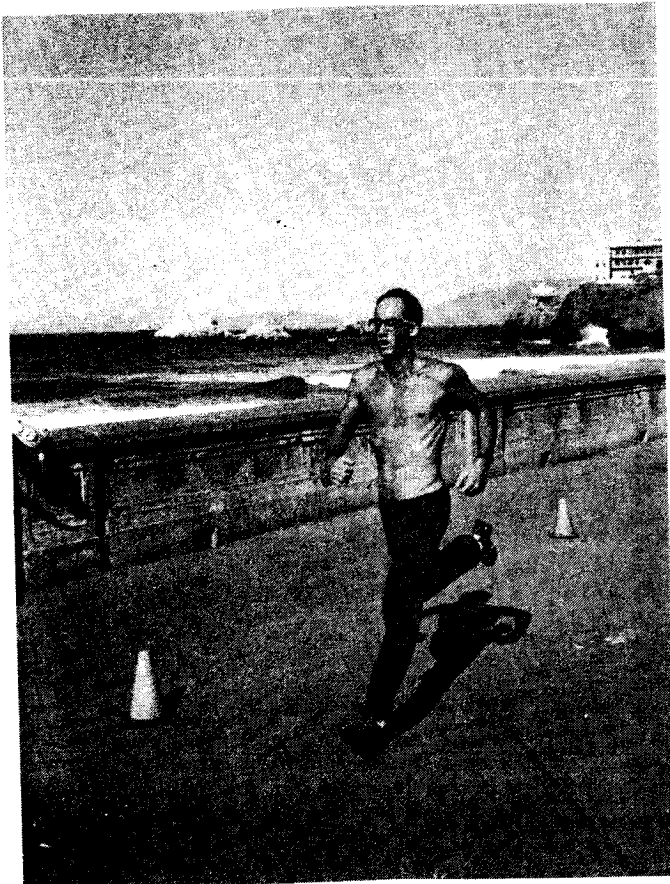

"For the Christmas and New Years holidays it will be cold and fair, except for some fog."

BASHIR BASHES & MARION DASHES IN TIGHT RACE ON THE CLIFFS

The weather was great and the competition was stiff in the Lands End Run. Harry Bashir held off the charge of 5 close competitors coming down the hill to the beach finish line. Only 37 seconds separated first from sixth place. On the women's side, Sister Marion Irvine edged Eileen Mulligan by a slim 17 seconds. (in Bill Haber photos are a couple of the club's better runners, Jason Ysip, and an unofficial entry believed to be Mike Boitano, a DSE runner since he was Jason's age).

MARTINELLI REDEEMED: VISSER BESTS FOX: AND LILOT TOUGH KID IN EMBARCADERO RUN

Dan Martinelli, who was barely edged by Chris Hunt in the September 6.25M on the Embarcadero found the 3.83M version of the course more his liking, garnering 1st over Keith Nowell. And it was a relative upstart besting the old award collector as Nano Visser bested Colleen Fox.
