DID DSE FEMS BEAT EAST COAST GREAT AT HANG OVER RUN????

The lead men ignored the turn sign that was put in the wrong place on the bridge. The men had fouled up on the last bridge run. This time some women appeared to turn short. But lets say East coast star Jane Welzel was beat by our Abbie Rockwell & Maria Zito. For sure, Bob Garcia was first man.

WIT WISDOM & WALT

(In place of a column this month Walt sends some vital statistics)

The following named members of the San Francisco Dolphin South End Running Club rate the initials "I.B." For men this rating means Iron Balls and for women it means Iron Belies. The designation of I.B. in this context is the equivalent to a Ph. D in Athletics.

To be so designated, one must have recorded outstanding achievement in the running community, such as the Western States endurance run, the Iron Man Triathlon, a difficult Ultramarathon, 100 or more Marathons, Escape from Alcatraz, round trip Pike's Peak, or a multi day race. One may also enter these hallowed portals by dint of an outstanding running record at age 60, completing a national run or cycle from coast to coast.

Fifty dollars has been put in the treasury and another One Hundred dollars will be needed to meet the minimum cost for the proposed patches. Said proposed patches are in the design stage and promise to be interesting and outstanding. All donations towards bringing this project to fruition will be cheerfully accepted.

**JEFF AIMS HIGH TAKES FT. POINT
RODD OVER ULYOTT ON WOMEN'S SIDE**

It was wet running, and creative running for some. There were some creative cuts across the vast parking lot at Crissy Field. Jeff Ames bested Roberto Mendez, while the veterans Gail Rodd and Joan Ulyot were the Ft. Point women battlers.

SWISS STAR INAUGURATES D. S. E. INTERNATIONAL RACING SERIES

Rafael Rolli of Switzerland took the Embarcadero 6.25 Mile run in a fine time of 33:38. A week later a runner from Finland took the Twin Peaks Run. Those who think that just because the DSE only charges a dollar the competition isn't high class should take note. In the Women's Embarcadero Run Kathi Krause was almost a minute ahead of Lolli Hess and Gail Rodd.

MULTIPLE NEAR DEAD HEATS AT GOLDEN GATE VISTA RUN

First & second place Andy Hansen and Dan Martinelli had identical times; Fifth Place Mehmet Akcan edged Ted Ullyot in identical times; and Gail Rodd was but 3 seconds ahead of second woman Kathi Krause at the GG Vista Run. Ullyot, Joan's son was just racing to keep in shape for lacrosse. Commented Jim Stratta, "Think what Ted could do if he took racing seriously."

DSE

SOUTH END RUNNERS

The D.S.E. running club was founded in 1966 by Walter Stack, and is presently one of the largest road running clubs in the nation. It is based in San Francisco.

THE YOUNG PIKES PEAK MARATHON

by Walt Stack

continued from p. 9

WOMEN & D. S. E.

DOMINATE DIPSEA

one in this division who went both ways. His time was 7 hours and 2 minutes.

MANY FAMILIES RAN

Pikes Peak went family this year, at least a half dozen families ran - not to mention many father and son teams.

Earnie Sells well known Senior of Berkeley ran with his two sons Carl & Robert... The Boltano Family ran well despite a minor prerace injury to its youngest member, Maryetta, age 8. A couple of Colorado families also ran.

DRACULA ON PIKES PEAK

The family receiving the most attention was the DeCiutiis family of the L.A. area, all active marathoners except young Carl. Vince is a 41 year old Anesthesiologist. He was accompanied up and down the trail by Mario age 18, Mike 16, Vince age 14, Carl age 11 (up only). A team of television cameras and a helicopter followed their every move. They checked their blood and lactic acid on top and bottom filled them full of needles and oxygen measuring masks. The poor fellows took a bigger beating from the UCLA medical staff than they did from the mountain.

GET READY FOR 172 - 300 runners expected.

Editor in chief Joan Reutinger writes in her Bolinas COASTAL POST newspaper: "As expected women dominated the Dipsea race over Mt. Tamalpais this year. The winner and five of the top six finalists were women, thus proving that the unofficial betting odds were correct. The race was won by Gail Scott, 40, of Durango, Colorado, with a time of 58 min. 29 sec. Scott was a late entry because she had previously won the Pikes Peak Marathon. Michael McManus, 20, who had this years best time, 49 min. and 43 sec. who started at scratch, came in 10th."

In sending along this news item, Walt Stack notes that the only time winner Scott had raced before on the Dipsea trail was when she ran the Dipsea Practice run, put on by her club, the Dolphin South End Runners, before she moved to Colorado. Fastest runner McManus is also a long time member of the DSE, Mike being part of Oakland's running McManus family, which has in the past won several DSE Family Participation Trophies. Mike is presently on the San Francisco State College Cross Country team.

As a warm-up for his outstanding achievement in the Dipsea Mike ran our Dolphin South End Runners Practice Dipsea. He won handily. "Seemed like he won by a mile," exclaimed DSE NEWS photographer Bill Haber.

MEHMET HOLDS OFF ROE WHILE 1st WOMAN IS 9th AT LEGION

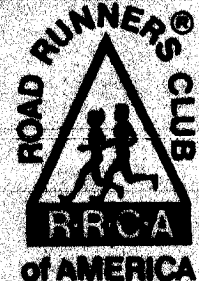

In a race with 176 finishers it is a notable accomplishment when the First Woman breaks into the top ten. At the Legion of Honor Kat Taylor took 9th. For a while she was 8th. A virtual unknown at DSE races, it's hoped she'll return. On the men's side: That strenuous uphill finish found Jim Roe giving his best to catch Akcan Mehmet. But Mehmet wouldn't give and edged to victory, -both men finishing in 25:39

VASQUEZ & DOUGLAS FINISH WAY AHEAD IN 1986 BAY TO BREAKERS PRACTICE

Fittingly enough for the DSE, the club's best male runner is one of the World's Best Masters, Sal Vasquez, who once again proved his top spot in the club by taking the Bay to Breakers Practice quite handily in 40:15. Cathy Douglas took the woman's race, in the absence of that 22 yr. old B.to B. "old pro" Maryetta boitano who didn't return to defend last year's victory. Although the weather was great, the turnout for the Practice was the smallest of the decade, a mere 562.

SKOUFOS AND LIM TOUGH IT OUT AT DALY CITY MOUNTAIN CLIMB

The air was cool and the views from the top of Mt. Bruno were spectacular in this odd race where the gritty uphill runners look great until the limber downhill floaters come flying by after the turnaround. Jane Coleman joined the Barry Spitz/Caroline Merrill Club for DSErs who finally score, Jane getting Fifth (while new star Caroline was 3rd)

LANZARIN & BRUDER WAY AHEAD OF THE COMPETITION AT TWIN PEAKS

The runners got a slightly shorter Twin Peaks Run than usual, by running the flat part at the top to the left instead of around the peaks to the right. But who cares, it was nice weather for a run.

"LOW TIDE RUN" IS A BIATHLON

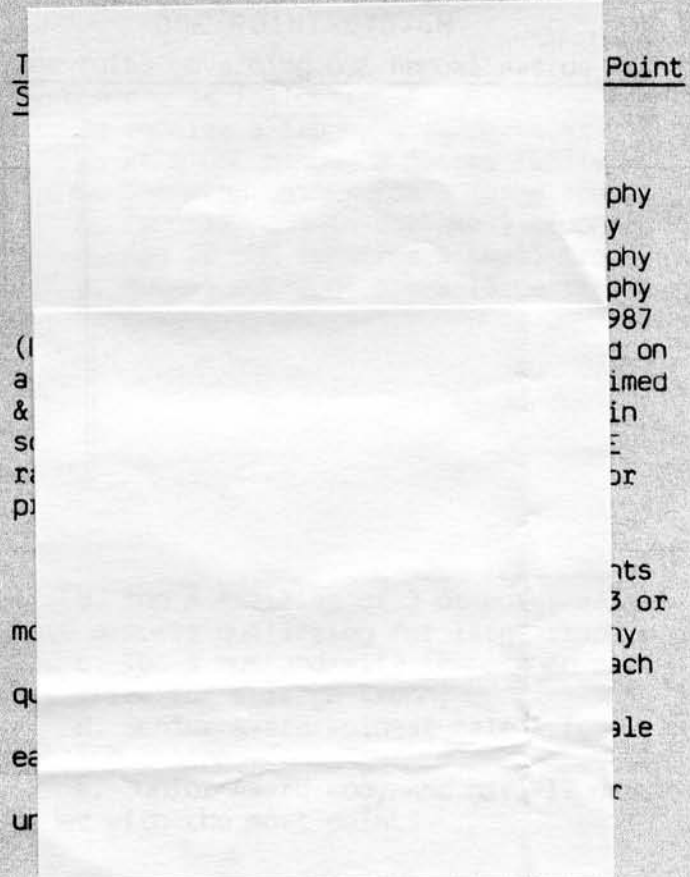

High tide at Ocean Beach was at 10:20, noted one runner at the DSE "Low Tide Run." The only place to run without being knee deep in water was in soft sand. Many runners began in shoes and ended up barefooted rather than run carrying pounds of water in your shoes. It was a great day for Personal Worst for the Beach Run. Arn't there almanacs that show when there's a real "low tide."

Pete Nowicki edged Todd Wexman, while Eileen Mulligan slogged to victory on the women's side.

LANZARIN & IRVINE FIND SOLID WINS AT MISSION ROCK

Ed Lanzarin doesn't just win DSE races. He wins them by a wide margin, as at Twin Peaks and again at Mission Rock. Our film hero Marion Irvine was best on the women's side at Mission Rock.

The physical course for the Mission Rock 3.5M has the attractive quality of a gentle uphill first half and then a roll back to the finish. And the scenery isn't all dull industrial. Going through China Basin you do get to see a lot of the waterfront.

Those interested in a fast time at this distance might want to try Mission Rock the next time it comes around.

STANBRIDGE & KRAUSE TAKE GOLDEN GATE BRIDGE IN GOOD TURNOUT

The Golden Gate Bridge Run had excellent weather, sun and very little wind. Thanks to Bill Dake putting out a marker everybody turned around at the right place for the first time in the past few runnings of the race. Allan Stanbridge and Kathie Krause took the first place honors.

REGULAR MEN'S SCORERS SHUT OUT BY
NEWCOMERS LED BY WEXMAN AT
LAND'S END RUN: HAMILTON, 1st
WOMAN IS 8th OVERALL!

Men's winner Todd Wexman is one of a
number of fast new faces showing up and
scoring at recent club races.

On the women's side Anne Hamilton showed
she's quite a runner taking 8th overall
out of 130 runners.

Thanks to Bill Dake marking the course,
and to the Golden Gate Recreation Area
crews that built up the crumbling trails
along the cliffs, the runners were quite
close to a real three miles on this race,
which the past couple of years has seen
runners turn around way to early.

MEDINGER'S BIRTHDAY RUN

EPIPHANY ULTRA: 36 MILES Jan. 3, 1987
21 staffers 16 finishers
Says John Medinger about his Birthday Ultra: A bone dry November followed by an equally dry December had Northern Californians talking about the drought of 1976-78. In fact, during the 8 weeks preceding this year's Epiphany the total rainfall in San Francisco was less than a quarter of an inch. But not to worry. You want rain, all you gotta do is plan an ultra. Or, as Tony Rossmann so aptly put it upon his arrival at the start, "Got no water in your neighborhood? Who ya gonna call? DROUGHTBUSTER!!" And rain it did. It came down in sheets for the first hour.

Former Berkeley flash Doug Schrock, who just 3 weeks earlier had won the Hunter S. Thompson 50 in record time, bested Mike Hernandez by 6 minutes, while Abbie Rock-well, who won the race outright last year, was first woman and 4th overall.
