Our race reporters weren't in attendance at the Where the Hell is Brisbane Run although word is that, unlike last year, everyone showed up at the same location and ran the same course. How's that for organization?

With staff back in force on March 31 every indication is that the Easter Sunday Egg Run went off without incident. Like last week only seconds separated several of the faster runners. Dry weather made the course manageable - good news; however, a large tree fell blocking the final short cut. We heard no complaints but playing Easter Bunny while working traffic control placed us well out of earshot. Thanks to Vivian and Jim Skophammer for the candy and baked goods at the finish line. Were there others? Fred Haber showed up to defend his title: yes, he still knows more about this course than anyone else. Injury, however, prevents him from showing it on the treacherous hills.

Legion of Honor Run

April 7, 1991

4.3 Miles

Presented by: Rick Shea, Joe Basile, Timothy Shea, Dotti Borba, Sylvia Oaks, Carolyn Clark, Walt Stack.

The Legion of Honor Run with its challenging hills and competition from the Super Cities Walk and the Bonne Bell 10K drew a healthy mix of non-members and faithful regulars. A sunny day and a cool breeze provided a perfect atmosphere for the effort of the day. It was probably the most fun a runner could have with shorts on.

In spite of an overcast, windy and cold morning the turnout at the Polo Field 5 & 10K Lotto Run(s) was very good. Exceptional effort at the Kids' Run spilled over into the 5K and the newly organized 6M (we had a few 6M Mystery Run ribbons to unload.) Race directors, volunteers and early bird runners had difficulty getting to the south side of the Polo Field. The Cherry Blossom Run started around 9 a.m. and wound through the park past the start of the DSE run. Within a few minutes, however, the road was clear again, conscientious Cherry Blossom volunteers finally let DSE race organizers into the park and preparations were made for the Lotto Run(s).

The Potrero Hill Run managed to remain one continuous group by starting a few minutes late avoiding being broken into two sections by the 10:05am Southern Pacific to San Mateo that has interfered with the run the last two outings. Everyone made it over the tracks without incident and pleasant weather made it easier to negotiate the hill.

RUNNING RESULTS

Ferry Building Run April 28, 1991 3.83 Miles

Presented by: Don Watson, Tim Shea, Joe Basile, Ada Thomas, Jane Colman, Gail Ryall.

Kids' Run - .5 Mile

1. Robbie Smiley 3:15
2. Charlie Zapparolli 10:34
3. Billy Hale 11:15

At the Ferry Building Run sunny skies began the day, and in spite of a cool, ocean breeze the weather was good. The kids' run was sparsely but enthusiastically attended, and the regular run had a good turnout of members and visitors including a charter member Hawaii Ironman in 2nd place.

A sunny day with a cool breeze provided a good setting and a good turnout for the arduous G.G. Bridge Vista Run. Many unfamiliar faces hint that perhaps this course was being

used as a Bay to Breakers tune-up. This 5 miles runs like 12K!

The Right to Assemble Run was right on. Cool, overcast conditions without any breeze allowed the cross-city travellers to give full effort to lowering their bay to breakers PR's. Thanks to Bob Marty we continue to enjoy drinking water at the finish line. Bring your own bottles, but if Bob is in attendance, conserve water--save your supply for next week.

Walter -

Sailing across the Atlantic was quite a chore. We split our mainsail and lost most of the hanks on our jib in a three day storm. The bearings kept overheating on the engine and we bent a prop shaft. The first two weeks were fine. Now that I'm in Europe I am ready for a lot of bicycling; next stop Moscow? Please wish everyone at DSE well for me. I will be back in late July. Keep breathing.

Joe Oakes

p.s. Please pass this on to the Roes. [This message arrived on a card postmarked 6.5.91, Aeroporto da Horta-Faial-Açores, Portugal]

Official race results gleaned from the Examiner, personal observations made as drawbridge volunteers and reports received from other DSE members served as the basis for our listing of The DSE's Bay to Breakers. The weather couldn't have been better from beginning (5:00 am for starting line volunteers!) to end, though those energetic souls who pushed it up Hayes Street hill and through the park to the fogless finish on the Great Highway probably experienced some heated moments. Congrats to all--if we missed you please leave a message at 585-6048 for July's News.

Practice Dipsea
6.8 Miles
June 2, 1991

Presented by: Fred Haber, John Blankenship, Mike Magee, Laura Navarro, Nelson Lefkovits, Rick Shea, Keith Nowell, Essie Love Linda Nowell

Age

- 1. Vince Fausone 30 52:00
- 2. Robert McKessel 55:34
- 3. Brian Percell 56:30

Beautiful weather made returning the waves from tour buses the order of the day at the Twin Peaks Run. In spite of the 9am start it was summer-like warm at the finish line and the absence of fog led to a good turnout from regular and visiting runners. Ken Reed hawked the new t-shirts and did a brisk business though several comments indicated the color of June's newsletter was not the best choice for our traditional turtle's background. Hey, guys, t-r-a-d-i-t-i-o-n! Heavy fog made the Practice Dipsea soggy going this year. A good turnout with many names missing from cards suggests our visitors could use help with our system. OK?

All those years of dealing with our recording system has at least qualified us for helping our visitors to handle the tags and cards. Share your expertise with another runner -- it's as good as a handshake for an ice breaker. We had hoped to include the regular Dipsea's handicap categories, but . . . we misplaced them before they got into the NEWS. Thanks to Pat Cunneen for sending us a copy of them, presumably from an official application (are they detailed anywhere else?) Our RESULTS does list ages for comparison. A hardy crew turned out to battle the moors of the San Bruno Mountain 5 & 10K. One almost expects to be joined by a phantom of the hills in such conditions on the 5K while the sun and sweat of the 10K makes such ideas seem far-r-r away -- or does it?

Presidio Gate Run (Backwards)
3.3 Miles
June 16, 1991

(Due to course congestion caused by the "Great American Bike Adventure" the run was routed through Presidio Gate along the promenade to a turn-around just beyond the old Coast Guard station -- a distance "approximately" equal to that of the scheduled run.)

Presented by: Joe Basile, Tim Shea, Rich Monteleone, Vicki Wilderman, Caroline Merrill, Len Wallach

Keeping one's head in all the happenings at the Presidio Gate Run was a chore. Scheduling this run Backwards might have been the scheduling committee's idea of providing a distraction from every runner's pain, but more than likely it was just their oversight of the magnitude of the traffic jam caused by the "Great American Bike Adventure". By having scheduled the starting point at the Little Marina Green, planners unwittingly aided the forewarned directors (DSE President Rick Shea and his stalwart volunteers). The course was rerouted through the Presidio Gate and out along the promenade. With all apparent distasters averted and cooperative weather at hand, runners were left only the tasks of pacing themselves and deciding which route to use from the turn around point to the finish. Being creative we chose no fewer than three paths plus infinite varieties within twenty yards of the finish line. Fun? Of courses!

Since we didn't run the City of San Francisco Marathon our spirits and energy were extremely high as we watched our favorite city put on a good face for both the spectators and the runners. Reprinted are partial results as they were listed in the Independent. If we missed your finish time or if you can provide us with the complete results for future publication in the News, please contact us at a run, by mail or by phone. Thanks!

Single & Double Muni Pier Runs
1.25 & 2.47 Miles
July 7, 1991

Presented by: Joe Basile, Jim Roe, Cheryl Willis Roe, Ada Thomas, Rob Smiley, Bob Wallace, Walt Stack.

Kids' Run - .5 Miles

- 1. Robbie Smiley 3:19
- 2. Sam Ferguson 4:39
- 3. Charlie Ferguson 9:33

Single Muni Pier - 1.25 Miles

- 1. Demian Smiley 6:22
- 2. James Stratta :51
- 3. Don Eisener 7:00

With the Double Dipsea twelve days past and the Marathon eleven the runners eagerly lined up for an assault of the Lake Merced circuit. Beautiful running weather made the 1991 Peak Busters Benefit Run a perfect opportunity to "break" our running "fast". The kids completed an out and back course from the Sunset Boulevard parking lot and the walkers and runners lapped in opposite directions. Snickers and beer or water provided a pick-me-up as the Peak Busters presented the awards.

Hey! Muni Pier runners, start swimming; the Biathlon is August 25th.

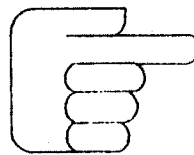

In spite of the best efforts of the race directors, confusion reigned on the Parnassus Heights course July 14th. Dazed by the hill climbing we went by the turn-around sign so that the unnecessary return was a beastly vertical effort. Instead of Behr-ing right onto Behr on the return we made up for our mistake by turning left onto Johnstone thus avoiding a major hill. If not for that delicious fatigue for which we worked so hard, we might have been miffed. What a course!

RUNNING RESULTS

Little Marina Green Run
4.4 Miles
July 21, 1991

DSE
Hotline

978-0837

In order for the Little Marina Green Run to come closer to the finish ribbon's stated 4.4 miles we negotiated a triple loop of the adjacent field to start the run. While veteran DSE's are undaunted by such tactics at least one of our visitors fell prey to our ploy. According to Dean Cheesman his kin from down under got caught on our merry-go-round for four circuits. Bryce still managed to finish in 20th place providing a most interesting warm-up for his upcoming venture. He is on his way to Finland to perform in the Masters' World Games . . . And now he should be ready for anything.

Although the USSSF Monument to Baker Beach Run was advertised as 6.5 miles, Prez Rick Shea conceded prior to the start of the run that it was probably short of that distance. 5.5, 6.0 or 6.5 miles, the distance was less a factor than the hills when the sore muscles were totaled at the end. While most of us were coordinating our breathing with our strides, Pete Nowicki was closing in on early leader Jim Misener near the finish line. A three second margin gave Pete his 2nd win in two weeks. Runners at the Mission Rock Run took a slightly cool, cloudy day and sweated it into perfect running weather. Fast starts and fast finishes were the order of the day.

While the front runners at the Windmill Run burned up the course the typical DSE cool took over as runner after runner stormed across the finish line. Vacation visitors continue to find our runs; a particularly large contingent of Britons ran with us at the Windmill. Also in attendance was Michael Griffin, a DSE member from Chattanooga, TN. Attracted to running by Walt Stack's approach, he's kept in touch with us through the News for over ten years. Rick announced that Walt was in the hospital but he's out and will return after his yearly trek to Pikes Peak. For those of us who woke up in the western half of the city and drove to the Roller Coaster Run unaware, it could have been cool, damp and overcast worldwide. The weather didn't hurt finish times evidenced by the performances turned in by the Top 5's. Speaking of performances, The Bay Ultra Runners Firetrail 50M will be held Sat., October 19 starting at Lake Chabot. Contact Jim Skophammer: 994-6128 for more info.

Warm weather and the year's warmest water helped make the BIATHLON a successful effort for both experienced and new participants. We got really ambitious in trying to record both runner-swimmers and runners-only so that the results weren't perfect (are they ever!) But your dedicated use of the card system helped us correct a couple of on site errors. The newsletter results will serve as the most accurate and official ones. We heard a few words from Robyn Paulson Wolf, the DSE Biathlon founder, and a little digging through the Newsletter Archives revealed Saturday, September 16, 1972 as the date of the first DSE BIATHLON. This was the event's 20th year! Happy Anniversary!

We missed the Daly City Scenic Run, but reports are that everybody got high and hot and appreciated the water at the finish (thanks, Bob Marty!) Walt returned from foot surgery with a full leg cast--anybody got a knife? The large turnout may indicate an increasing love for long, hilly runs. If so, we hope those animals will avoid next year's scheduling meeting. Overcast and cool weather made perfect conditions at the Kay Atkinson Memorial Run for a large crowd of old and new DSE friends. If attendance continues to grow, the Birthday-Anniversary run September 29 will be a major bash. Can you do without the Bridge to Bridge? Then, come see us for age categories, staggered starts, refreshments & nostalgia.

Where the Hell is Brisbane?

5.0 Miles
September 15, 1991

Presented by: Tim Shea, Rick Shea, Walt Stack, Cheryl Willis Roe, Jim Roe

(The course was changed to the Oyster Point Blvd exit off Highway 101 in South S.F.)

Richard's outstanding accomplishments last year earned him the DSE Runner of the Year award for 1990. Pamakids and the NorCal Seniors bestowed similar honors on Richard for his efforts: 59 road races, five marathons, and 14 ultramarathons.

Richard, we're very proud of your accomplishments, and glad to have you represent the best of DSE in all of your physical endeavors.

Our final thought. It occurs to yours truly and the managing editor of The News (Jim Roe) that we have been involved with this madness for about three years. Sometimes you get used to seeing the same faces, or reading the same old reporting, and maybe, just maybe, there's someone out there who's thinking, "I could do that just as well," or "I'd like to do that job, if I only had a chance."

While Jim and I are happy to continue in the capacity as Editor and reporter, if there are any folks out there who would like to take the plunge, we would be willing to step down, and take our place in the ozone of DSE history as former editorial staff of the newsletter.

If this idea is intriguing to anyone, please drop us a line, or give us a call. Address and phone number are on page 11. See you next month.

After being notified by the City of Brisbane of a bike race on the same course, President Rick Shea arranged for a sub-stitute run. One mile south on Highway 101 from the Where the Hell is Brisbane Run? Prez chose the site of our previous Where the Hell is the "Where the Hell is Brisbane Run?" The "DSE Hot Line" message was changed accordingly, and the "Results" of the previous ...Brisbane...? run were used as a guide for alerting DSE members to the change. The resulting event was judged by many as preferable to the originally scheduled course in spite of the rolling hills and the heat from a sun that peek-a-boomed after the run's start, e.g. a sweaty but hardy group of runners.

Jim Sichel painstakingly flour-arrowed the course of the Twin Peaks Loop, and the 9am start helped us avoid the tour buses and the sun on the final uphill to the finish. It's a testy but scenic course -- even the late 10am arrivers go ahead and enjoy their 3.63 mile

CONTINUED FROM PAGE 3

kids looked like they enjoyed receiving t-shirts for their efforts. And I bet even those of you who received authentic Walt Stack t-shirts (used, but clean!) as random giveaways got a kick out of them.

Thanks to all those who were willing to contribute a bit towards the DSE kitty for the honor of owning one of Walt's special t-shirts.

Additional thanks are in order, to Bruce Shelton, for the donation of the large photographs of Walt which were auctioned for \$10.00 each. Four DSEers, including myself, recognized the beauty and value of such a unique souvenir of our President Emeritus. Two additional photos are available, if anyone is interested. Walt is available at all of our runs for personalizing the photos.

A special thank you to Dick Spottswood, Mayor of Mill Valley, and Acting President of the Golden Gate Bridge District, for his personal appearance to present Walt with the Proclamation from the Bridge District.

Thanks to everyone who signed Walt's birthday card in gold and silver inks. Walt was so busy saying hello to old friends, that he was unaware of the card, until Jim and I took it to him later that week. Walt seemed very pleased with your efforts.

A final thank you to Gertrude Wasserman for her honesty in returning her 2nd Place ribbon for the run that day. Gertrude told us that she could not accept the ribbon because she did not go the entire course. By doing so, Gertrude vacates a spot in the top three women walkers, moving Jeani Cearlock into 2nd, and Ada Thomas into 3rd place for that category.

Only two such changes resulted in changes in race placement. New DSE member Joe White, totally confused by Jim's logical signup, signed on the right age category, but ran with his friend, Jim Sichel, who is in a different age category. Once we learned of this confusion, we were able to re-figure the two age categories, 50-59 men and 60-69 men. The race results you received in the mail have been corrected, and appear in this issue on pages 7-8.

We apologize for this snafu, but, as we say, "it wouldn't be DSE . . ."

Jim and I would also like to thank all of you
CONT'D ON PAGE 12

Lands End Run
3 Miles
October 27, 1991

Presented by: Ursula Bernhart, Joe Basile, Frank Evans, Tim Shea, Ken Reed, Rick Shea, Walt Stack

| | |
|-----------------------|-------|
| 1. Antonio Corgas | 20:29 |
| 2. Demian Smiley | 21:13 |
| 3. Herman Escajadillo | 22:32 |
| 4. Theo Jones | :51 |
| 5. Ron Long | :58 |

Because the heat affected virtually everyone several runners wilted near the end of the Golden Gate Promenade and still held on to their finishing place. Once again our senior women runners showed why they are the cream of the national running crop placing over-50 runners in the top three spots. . . with the heat on.

The Lands End Run . . . weather--good, start--fair, first half--fine, except "Where's the turnaround?" Enter the Golden Gate National Recreation Area staff. Because they "didn't know what" (our orange DSE cone) "was doing there" they sent a crew out to remove it. Thanks, guys, but we really don't need help w/glitches.

5K runners at the San Bruno Mountain Run had to resist praise, pleas and finally ridicule from Inocencio S. for eschewing the 10K; perhaps, they knew that the second half(?) was longer and tougher, that their comfort zone had already been reached, or that Ed Olkowski's high school bad boys were out front burning up the mountain.

Credit Juan and Sergio Herrera: in spite of an inattentive turn-around monitor at Fort Point, they excelled in the Kids' Run, apparently running all the way to the Fort before deciding they had run enough! In agreement with GBNRA the larger group stopped short of the road to the Fort in the interest of traffic safety.

A light turnout at the McLaren Park Run suffered a torturous double loop course but enjoyed a day of beautiful weather as they occasionally took time out from their pacing to notice the dramatic panoramic view of the financial district. Hail to Armen K. fresh from the 1991 Hawaii Ironman.

It was back to basics at the Legion of Honor Run: Pete Nowicki was back at the front of the pack, Fred Haber back to running to the front after recent knee surgery, Walter Stack back to walking without a cast (though his foot surgery still requires some healing time), and all of us back for another week of stretching our legs.

Runners at the 'far side' of Stern Grove found that a small field of competitors can be as challenging as and, perhaps, more fun than running among hundreds. Pat Magee, Al Long and Richard Laine used the run as a cool-down from Saturday's Quad Dipsea; the Reichle's punctuated a holiday family get-together; most just ran!

Take Dan Franek; throw in Pete Nowicki, Kevin Cowan and some speedy visitors; and you have the makings of the fastest Top Five in recent memory at the Peak Busters Lake Merced Run. A good crowd showed up to share in the action including Pax Beale determined to get back in shape after surgery. You're next Walt. Is it tim?

*through the December 15 Diamond Heights Run

We missed the Diamond Heights Run . . . but were slugging it out over the Honolulu Marathon course. We finished, the last several miles rolling over the edge of Diamond Head. Diamond Heights . . . Diamond Head: consider the Matterhorn versus Mr. Toad's Wild Ride; we definitely had the better of it, and scenery to boot!

RUNNING RESULTS

Kennedy Drive Run
4.7 Miles
December 22, 1991

5. Walt Kohnert :49

The DSE Kennedy Drive Run had a frosty, December chill at the start; but the weather was kind so that as the mileage went up, the runners warmed up. Although the holiday season seems to be busier every year, all of our 1991 Top 5 men's race points winners and a couple of the women's winners showed up in this race's Top 5's.

Although the results didn't count in the year's individual racing points tally, the Top 5 teams at the DSE Christmas Blind Date Relays seemed to be built for competition. Every runner present proved his/her hardiness by showing that even the biggest holiday of the year needn't interfere with one's training for health.
