The DSE Kennedy Drive Run had a frosty, December chill at the start; but the weather was kind so that as the mileage went up, the runners warmed up. Although the holiday season seems to be busier every year, all of our 1991 Top 5 men's race points winners and a couple of the women's winners showed up in this race's Top 5's.

Although the results didn't count in the year's individual racing points tally, the Top 5 teams at the DSE Christmas Blind Date Relays seemed to be built for competition. Every runner present proved his/her hardiness by showing that even the biggest holiday of the year needn't interfere with one's training for health.

Year to year there has been a large turnout at the DSE Runover Run; and January 1, 1992 was no exception. You'll notice many familiar names as longtime members came out to fulfill New Year's resolutions. There are always unfamiliar names of runners who have recently discovered the DSE and who, we hope, will make us a part of their running schedules. A beautiful day made the round trip of the bridge a true contest with oneself. A quick look at the results reveals that the Top 5's also became a contest among nearly equal rivals with the exception of the #1 woman--Irene McLoughlin now of San Francisco but formerly of Eugene, Oregon performed to the reputation of that northwestern city with a victory of nearly three minutes.

Sorry we missed the whole field of the Single Muni Pier Run. If you were like me you had a general idea of your time--now if I had just written it down... No competition for Robbie yet at the Kids' Run but lots of budding young DSE'rs. Most runners favored the Double Muni Pier Run but few started slowly and tapered off. ☺

Those of you who attended the Gala are probably aware that a large group of stars and few extras showed up and 'performed' at the Daly City Scenic Run. Competition for parts was fierce: top 5's to self-timers, all did as well in front of the camera as they did on the Mountain. Even most 1992 race points went to DSE'rs.

With the 1992 Gala behind us and the awards based on the new points system having been earned and awarded, over 100 runners braved the chill of a San Francisco winter's day in Golden Gate Park to set PR's on a new club run: the Rainbow Falls 5K. Enthusiastic and determined finishers seemed to brand the run a keeper.

Beautiful spring weather greeted the Mission Rock Runners--a good crowd in spite of the S.F. Half Marathon and TV's Super Bowl hype. Pete Nowicki finished 1st and picked up his 3rd place trophy for 1991 race points. Coming from Palo Alto, Marilyn Cornel placed 2nd woman accepting the 1st place '91 race points trophy.

We missed the Windmill Run because we were up to our socks in beach and north coast scenery at the Trinidad Clam Beach run. Look for our report in this issue.

The rain held off long enough for a healthy group to run a revised - and longer - "Where the Hell is Brisbane" course. It was so cloudy that sun glasses and sunscreen were unnecessary. . . so windy that sweat evaporated as soon as it surfaced. . . and so-o-o nice to see Sir Walter Stack without a cast on his foot. ☺

The rain stopped long enough for everyone to complete the Roller Coaster Run with nothing more than slightly muddy feet. Parking was no easier to find than usual but over 100 eager runners, walkers and volunteers found the starting line on time. Want to help Walter get in shape for the B to B when he gets out of his new cast?

Good weather showed again at the North Embarcadero Run and a fast crowd of men and women took advantage of it. 10K is one of the longer distances for DSE but there always seems to be a bigger turnout for the "distance" events. Spring and the Bay to Breakers are approaching and, perhaps, both lure runners to extend their runs.

Clear skies and temperate weather made the Kennedy Drive Run a perfect forum for any runner's pleasures. Some strain for gain while others avoid the pain, but all can exercise together in sweat and good fun. If DSE runs could better meet your desires for running, walking and/or volunteering call Rick: 334-3765 or Jim: 585-6048.

As spring gets closer more runners venture outside to get in shape again. Michael Gama's training paid off enough to keep him in front of the ever improving Antonio Corgas at the Legion of Honor Run. Trading in those heavy training clogs of winter is going to help everyone's stride -- have fun, don't overtrain.

THE
RUNNING
GOURMET

-- Martha Hughes

SOUP:

Reduce the 5 cups melon balls to 3 cups. After melon balls are formed, puree 1 cup of the balls in a food processor and combine with the other 2 cups of melon balls. Boil the sauce as before and mix everything together in the same manner. Chill before serving.

Ah, summer is finally upon us, as the days are longer and warmer, (except in San Francisco where the fog is thicker!), and if we're lucky, our runner's tan will start to show a little more. A 'runner's tan' is when your tan lines on your legs end just below your ankles where your socks are.

But, to be a bit more serious, this month I have a combination soup or salad you can try with melons. The melons should be sweet and juicy this month. They provide us with a ton of vitamins and low-cal goodness.

MINTED MELON SOUP AND SALAD:

A melon fruit soup is a great first course for part of warm evening's supper, and a melon salad is terrific for a sunny picnic. These are not overly sweet and are very low in calories, with NO FAT at all!

- SALAD: 1 cup unsweetened orange juice
 1/2 cup fresh lime juice
 2 tbsps. honey
 1 tbsp. chopped fresh mint
 5 cups mixed melon balls
 (watermelon, honeydew, cantaloupe; try others if you prefer)

fresh mint sprigs

Combine orange juice, fresh lime juice, honey and the chopped fresh mint in a small saucepan; bring to a boil. Immediately after boiling, pour into a small bowl, cover with plastic and chill.

Scoop out melon balls into large mixing bowl and pour juice mixture over balls. Toss together. Cover large bowl with plastic wrap and chill. Just before serving, garnish with mint sprigs.

For a more decorative display, serve the melon balls in the watermelon shells instead.

The honey can be left out if you're cutting back on sweets, although it helps to bring a little body to the dressing.

Golden Gate Park Cleanup

-- Carolyn Clark

Saturday, October 17th about 20 DSERs, Pamakids, Golden Gate Racewalkers, and some good folks from the Sierra Club Legal Defense Fund met and worked hard for about two hours in the park. We cleaned an area east of the Hall of Flowers to Kezar Drive.

We were going to have a contest for the "most unusual find," but it tied at a ski, bicycle and brass headboard. After our hard work, we rested and enjoyed a potluck picnic.

It was good to see some new faces at this joint venture and we all agreed that we should make this a twice a year event. One word of caution -- yes, there really is poison oak in the park. Gentleman Robert Field even pointed it out to me and I ignored my own advice and discarded my long sleeve shirt. Now where did I put that anti-itch cream?

We will organize another cleanup in April. Watch your newsletters for information.

WALT'S PICK UP TEAM CORRECTION:

Walt has a ride to the Blind Date Relays on December 25 thanks to Sandra Seiki. Merry Christmas to All! Happy New Year Drive Safely & See you in the New Year! Jingle, Jingle, Jingle, Jingle, Jingle, Jingle
