HELP WANTED

SEEKING NEWSLETTER EDITOR . . .

Established local running club seeks witty, able woman or man with computer skills to enter training position as future Editor of monthly newsletter. Must be a member of DSE club with good 'cut 'n paste' skills willing to endure scant recognition except when errors occur. Stipend helps with groceries. Call Cheryl at (415) 556-1049 (days).

APRIL WEATHER

Basically, the first half of April will be wet and the 2nd half dry and sunny:

Rain may fall around the 4th or 5th of the month, and then again on the 7th or 8th. It should be dry the remainder of that week before rain develops again around the 13th or 14th. Except for the last two days of April, the month will finish dry. Temperatures will be below normal the first half of April, above normal the second half reaching 90° for the first time this year.

CONTINUED ON PAGE 12

MAY WEATHER

In contrast to last (wet) May, May 1995 will not have as much rain and overall, it will be cooler than normal.

The last half of the month holds the best chance for precipitation: the period beginning with the Bay to Breakers, 21st-23rd and around Memorial Day weekend; when, perhaps, it will snow in the Sierras. Temperatures will be the highest the first two weeks of May with the possibility of 80° inland. The rest of the month will be seasonable with warming around the rainy periods.

meteorologist
Mike Pechner

CONTINUED ON PAGE 9

JULY WEATHER

July will continue the trend set by May and June with slightly below normal temperatures. It should be traditionally warm and dry for the July 4th holiday and the preceding weekend (cooler at the coast.) Cooler weather follows the 2nd week of the month with another warm spell at mid-month and cooler again the 3rd week -- near 100° inland expected around the 25-29th, the month ending on a cooler note. There is a possibility of showers around the middle of the 2nd week over northwest California and maybe the end of the 3rd week of July over the Sierra and Sacramento Delta. Go do it for your favorite past DSEr!

**meteorologist
Mike Pechner**

Talk of the Town with Fred Haber

OK, some of us call it *The City*. Did you know that San Francisco was the state capital from Sept. 9, 1850 to June 21, 1851. Hats off to DSE superstar Jim Gallagher and SF's finest for the "Hook & Ladder." It was (he) a great success! Dragged myself out of bed, my body still tired from a late night of lecture and star watching on Mt. Tam., only to realize this race starts at 9 AM. Oh boy, gotta go. Made it with time to spare, 10 min. Walked/hogged into reg central with Terry Rosenstock. Said "hi" to Sandra Seiki. The man who suspiciously gave me my # was seated next to none other than Pauline Drake. Bill was elsewhere, showing off his smile. Fleet Feet's very own Mary Sheehan made a welcome appearance. Spotted new member Rachel Power discussing our Tuesday night runs (thank you Nancy Makuch) with Margaret Yee. Rena Clark (Davis) was beaming her happy face. Everyone who's anyone in the DSE was there or at the Hood to Coast. We were amped up by an entourage of hot-shots and a false start. The race began promptly at 9 AM. I guess it did, I never wear a watch. As always the crowd started too fast (those hot-shots again). Caught up to the Weeonee, Tom Pang, wearing a cape. Confidently passed Theo Jones just before mile 1 (that didn't last long), onward to my sub 40, please. Mile two, I'm getting tired but look ahead, it's Larry Fine. Larry said no way and took off. Who are all these people, if I knew um I'd name um. Around Stow Lake, past the start, H2O fillup, there's cheerleader extraordinaire Kathy Peirse. Ouch, oh no it's the curse of the hamstring pain again. Should I stop or just keep plugging? Up ahead it's Marc Scheuer, walking!!! I offer words of encouragement. Now everyone's passing me, oh well, three more miles, I can do it, maybe. Peking Duck, aka Kevin Lee failed to light my afterburners. As I passed the Buffalo paddock, Russell Breslauer asked what I was doing? Sight-seeing I replied. Up the infamous DSE 5K hill south & west of the Polo Fields I heard news editor Elaine Mah approaching, she tried to use me as a reason to slow, but I said no. Pamakid founding father Pat Cunneen sprinted by, how does he get that tan. Finally the finish, did you see a clock? There sure are a lot of highschoolers passing me. I feel old. One advantage to very positive split is your not out of breath. Good drinks this year. There's Kimberly Rodriguez, she got a watch, 46 min and change. I musta been high 44'. Not so bad for an old guy. Look it's the Absolute Bobby, Jeanie Jones, Pat Magee, Kathryn VonBlankenburg, John Blankenship, Nick Lederer, Lorena Wong with Cal Trans friends, Judy Waitz, Ron Brock, Greg Brown, Andy Chan, Don Elsener, my junior high school counselor James Thomas, John Gregson, Patrick & Jane Lee, Phyllis Nabhan, Wendy Newman, Bill Woolf, Becky Rozewicz, Tony Stratta, and Ed Mooney. Off to breakfast at Thom's with Elaine Koga, Nancy Butler and Jim Cahill. El Presidenté Joe Oakes and the esteemed first lady Sylvia Oakes (they've been married 38 years - WOW), Don Watson (Jane is at the H to C), Bob (water man) Marty, Graciela Castillero, Ed Mahler, new member Theresa, and my VP Marty Maricle.

See Ya at the races

Annabel Marsh; Recipient of Walt Stack Award

The Peak Busters held their 20th annual Pikes Peak meeting on Thursday August 17, in Manitou Springs, CO. This year 117 attended and 52 were first-timers. Sister Marion was our guest speaker and not only did she entertain the Peak Busters, she managed to have a crowd around her wherever she went. The Peak Busters meeting has become a significant Pikes Peak event. This year the Pikes Peak Marathon committee established two new awards. One for Rudy Fahl, founder of the

endary and remarkable participant, Walter Stack. The committee selected Annabel Marsh (shown accepting award from Race Director Carl McDaniel) as the recipient of the Walt Stack award. Annabel was thrilled to receive the award and the Peak Busters were honored. Most importantly, we would like to thank DSE for making our meeting successful. DSE provides us with the first-timer plaques and DSE also lets us have a benefit race in order to raise money to help with the cost of our annual event.
